TWO CITIES CHURCH FAMILY,

This last year was the year of leaping for our church. We completed a three-year journey as a church to get into our new home and hub on Patterson Avenue! Thank you for being on this journey with us and for being all in with your time, talents, and treasure. We could not have done this without you!

As we look to the future, we are humbled, grateful, and expectant, all at the same time. We have seen God do more in seven years than most churches get to see in seven decades. **Let's never take any of this for granted.** What we are experiencing is unique, and we want to steward it well for God's glory and the good of others. We are grateful but never satisfied!

One of the things we did as staff and pastors this past year was clarify our mission statement. We wanted to reach another level of simplicity and clarity as we continue to grow deeper, wider, and stronger. We want to make the main things the plain things and the plain things the main things.

Our mission statement going forward is:

WE MAKE AND MOBILIZE DISCIPLES IN AN ENVIRONMENT OF PRAYER AND WORSHIP.

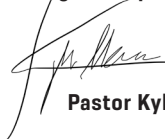

You will see this statement on the wall in our new lobby. We are laser-focused on doing what the Bible says is most important and urgent. We want to see people meet Jesus and be made into his disciples. We want to live on mission together and for all of it to be done in a spirit of dependence and adoration.

Additionally, we have also clarified and simplified the values of our church. There are five words that you are going to hear us champion again and again. **Gospel, Community, Mission, Truth, and Stewardship.** We believe these words describe the heart of our church so you will see them on the back of this Ministry Plan as well. They are north stars for us as we move forward.

As the year begins, we are starting off in a series called **"What's Wrong with the Church?"** We will be looking at the seven letters to the seven churches in the book of Revelation. Why are we starting with this series? As we establish ourselves in this new building, we want to start by looking at the unique temptations and challenges of the church. We want to learn afresh from Jesus what his church should be focused on.

Finally, I want to say thank you and get ready. I hope each of you will pray, "God, get me ready for what you are about to do." We don't know what this year holds for us, but we do know the future is as bright as the promises of God.

With great expectation,

Pastor Kyle
